ARRANGEMENT OF THE MAILS.

ARRANGEMENT OF THE MAILS.

The Great Eastern Mail from Baltimore, Philadelphia, New York, Boston, &c., and Buffalo, &c., will now be received by 9 o'clock, a.m., daily; and the Mail to be sent from this office, to and by those places, will beclosed as heretofore, at 4 and 9 o'clock, p. m., daily.

The Southern Mail will be closed hereafter daily at 8 o'clock, a.m., and will be received, as heretofore, daily by 5 o'clock, p. m.

The second Eastern Mail and Great Western Mail are received by 8 p. m., and closed at 9, p. m., daily. The Mail Trains, north of Philadelphia, are to arrive there in time to connect with the Train for Baltimore, which brings the Great Mail, to arrive here by 0 a.m. No Bastern Mail is received at this office on Sunday night, and no Eastern Mail, to be sent beyond Baltimore, is made up on Saturday night. Norfolk, &c., three times by Reltimore—Monday, Wednesday, and Friday; four times by Richmond—Tuesday, Thursday, Saturday, and Sunday.

The Mail for Annapolis, Maryland, and Norfolk and adjacent places in Virginia, is closed every night, except saturday, at 9 p. m., and is received six times a week, with a Mail from Baltimore, Maryland, by 12 m.

The Mail from Beokville, &c., Md., is received Monday, Wednesday, and Friday, of each week, by 6 p. m., and it is closed for that place at the same hours.

The Mail from Brockville, &c., Md., is received by 5 p. m. of Wednesday, and Friday, of each week, by 6 p. m., and it is closed for those places at 9 p. m. of Monday and Thurs-day.

The Mail from Brockville, &c., Md., is received by 5 p. m. of Wednesday, and Friday, of each week, by 6 p. m., and it is closed for those places at 9 p. m. of Monday and Thurs-day.

The Mail from Brockville, &c., Md., is received by 5 p. m. of Wednesday, and Friday, and a closed Sunday, Tuesday, and Saturday, by 6 p. m., closed Sunday, Tuesday, and Saturday, by 6 p. m., closed Sunday, Tuesday, and Friday, by 11 p. m., closed Sunday, Tuesday, and Friday, and is closed and days at 9 p. m., Monday, Wednesday, and Friday

PROSPECTUS OF THE "NATIONAL MON-UMENT,"

A weekly journal to be published in Washington, under the sanction of the Washington National Monument Society. JAMES C. PICKETT, EDITOR AND PUBLISHER

Monument Society.

JAMES C. PICKETT, EDITOR AND PUBLISHER.

The Monument is intended to be aliterary, agricultural, and miscellaneous paper. It will contain selections of the literature of the day—the best that can be found in American and English publications: interesting scientific articles, enbracing inechanics; foreign and domestic news; a synopeis of the proceedings of Congress, and every thing that such a journal might be expected to contain, with the exception of party politics, which will be at all times most rigorously excluded.

The Monument will be published for the express and the sole purpose of aking in the crection of the noble solumn now rising on the banks of the Potomac, in honor of the Father of his Country, and which every one who venerates the name of Washinoron would rejoice to see completed. After deducting out of the subscription the expenses of the journal proposed to be published, the remaining funds will be faithfully applied, and without reserve, to the purpose indicated. The said, therefore, of all who are willing to contribute to so patriotic an object, and one so entirely national, is earnestly requested. By subscribing to the Monument, a valuable journal at a low price may be obtained, while it will be doing something, at the same time, towards completing that migestic memorial of the Nation's gratitude.

The Board of Managers recommend Mr. Plokett, formerly Fourth Auditor of the Treasury and Charge d'Affairs to Peru, who proposes to edit and publish the Monument journal, as one well qualified to perform the duties of editor, and to conduct the paper faithfully, and satisfactorily to the subscribers. They assure their fellow-citizens that this enterprise is not a speculation got up for individual emolument. Mr. Plekett will make the experiment with his own means and at his own risk; if successful, he will receive nothing more, and he asks nothing more, than the subscribers, at two dollars.

To give the public an idea of what may be done with the journal it is proposed to publishi

ny credit, none can be given.
Societies and clubs will be furnished with the MONUMENT sopies, \$15; &c.

Those who are disposed to patronise the MONUMENT are requested to forward their names to the General Agent, without delay. The first number will be published early without delay. The first number will be published early in May, and the second on the second day of August, and weekly thereafter; time being allowed for the Prospectus to be circulated, and for the agents to make returns. As all subscribers will be contributors to the Monument itself, their names will be published in the paper. Wasmington, April 23, 1851.

GODFREY PATTISON, & CO., OF NEW YORK

ODFREY PATTISON, & CO., OF NEW YORK, Take leave to inform their friends and the public, that they have taken up the Importing Business on their own account. For the future they will confine themselves strictly to the Commission Business, for the purchase of dry goods, in Giasgow, Scotland.

From their long experience in the trade, they feel confident that they can promote the interest of those engaged in the importation of dry goods, and they respectfully sollied orders, which shall have their best attention.

The name of the firm in Glasgow is changed to Godfrey Pattison & Co.

The Name A Co.

The New York firm being dissolved, they will be pleased to receive orders through their agent, James Pattison, No. 31 Pine street, New York.

Austin's Magic Freezer,
Through in six minutes. For the preparation of
Ice Creams, Water Ices, &c.—Patented Sep-

loe Creams, Water Ices, &c.—Patented September 19, 1848.

The distinguising merits of this Apparatus are—
1st. The astonishing rapidity of the process, surpassing belief—hence the name.
2d. The Cream during the progress of freezing becomes charged with atmospheric air, by which it nearly doubles in bulk, and obtains that peculiar smoothness, lightness, and deileacy of flavor, for which the Ice Cream of our best Confectioners is so highly prized.
3d. It does not require a tenth part of the labor that the common Freezer does.
4th. It does its work better, producing a better artiols, in every respect, than by any other mode.
5th. There is a considerable saving in ice, as the tub needs no replenishing during the operation.
The annexed testimonial from the Proprietor of the Eutaw House will put to rest all doubt.
"Having witnessed the process of freezing Ice Cream in Austin's Magic Prezeser, two quarts of Cream having been frozen in the incredible short time of six minutes, I cheerfully recommend it to the public."

H. F. JACKSON,
Eutaw House, Baltimore, May 15, 1848.

cheerfully recommend it to the public.

H. F. JACKSON,

Butaw House, Baltimore, May 15, 1848.

"This is to certify, that during the summer of 1848, I used one of Austin's Patent Ice Cream Freezers of the largest size, (10 gallons), making from 10 to 50 gallons per day during the season; and so far as regards expedition and power, I consider it decidedly the best freezer now in use, as I have had with it no difficulty in making ten gallons of superior quality Ice Cream from five of plain Cream, in thirty minutes from the time I commenced working it.

Baltimore, April 6, 1851."

Manufactured and for sale by the patentee.

Tusculan Questions; Demosthenes de Corona; Voltais
Electricity or Galvanism; Electro-Magnetism, MagnetoElectricity, Electro-Dynamics; Astronomy, begun.

III. The Constitution of the United States; Astronomy,
finished; The Science of Heat; Thermo-Electricity; Chemistry and Geology.

PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus

PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus that furnishes ample means of experimental illustration in all the different branches of Natural Philosophy. The sum of three thousand dollars has recently been expended, partly in this country and partly in London and Paris, in the purchase of new apparatus, adapted to the present advanced state of the Physical Sciences.

EXAMINATIONS.

At the close of each study, or branch of study, the members of the class are carefully examined, and, at the close of the year, is all the studies of the year, in the presence of a Committee of the Trustees; and their attainments are communicated to the Board of Trustees.

RELIGIOUS INSTRUCTION.

RELIGIOUS INSTRUCTION. RELIGIOUS INSTRUCTION.

In addition to daily morning and evening prayer, divine worship is held twice on every Sunday, and the rectation on Monday morning is always in the Greek Testament. At the request of his parent or guardian, a student is permitted to attend any place of worship which himself or the parent or guardian may select. One member of the Faculty will attend at each of the different places of worship (Presbyterian, Episcopalian, and Methodist) in the village, and note all absentees.

Two at least of the Professors, with their families, will reside in the College buildings, and will board at a common table with the students, who are required to occupy such rooms as may be assigned them by the Faculty.

ADMISSION.

such rooms as may be assigned them by the Faculty.

ADMISSION.

In order to admission to pursue the entire course, a student must be at least fourteen years of age; must give satisfactory evidence of good moral character; and must sustain an examination in the following studies, viz:

Arithmetic, Elements of Algebra, Latin and Greek Grammar, Jacob's or Felton's Greek Reader, and the first two books of Xenophon's Anabasis, Jacob's or Decring's Latin Reader, Sallust or Caesar, Cicero's Select Orations, and Virgil, or what shall be deemed equivalent.

EXPENSES.

funded.

Board is furnished with the families of the Profet two dollars per week.

Washing, at the usual rates.

All dues are payable in advance. The tuition is red, on application, to all students designed for the

stry.

The tuition fee for Modern Languages will be eight collars per session, to be paid to the Instructor in addollars per second to the second to presecute the whole Course required for a degree, a more limited range of studies is furnished, adapted to the sphere and course of life of each individual, so far as such can be reasonably anticipated.

The studies of this Course are arranged under the following departments, to wit:

Ist. A MATHEMATICAL DEPARTMENT—In which, beginning with Arithmetic and Algebra, the student will be carried, seriatim, through all the higher branches of the Mathematics, ending in their application to Natural Philosophy, Astronomy, &c.

Astronomy, &c. and Explanation Comprising Instruction in Orthography, Reading, Elecution, Grammar, Writing, Geography, History, Composition, Rhetoric, Logic, Intellectual Philosophy; Moral Philosophy, Political Grammar, Story on the Constitution, Philosophy, Ornithology, Natural Theology, Elements of Criticism, and Evidences of Christianity.

Christianity.

3d. A Mericantile Department—In which will be imparted an acquaintance with all that is necessary to qualify youth for the immediate duties of the counting-house, to be a counting to the counting that the counting nefuding—

1. Pennmanship—By an original and popular system of

this art, which invariably produces a bold, finished hand, peculiarly adapted to the purposes of the accountant and business man.

2. Arthmetic—Comprising numerous abbreviated methods of computing Interest, Discount, Equation of Payments, &c., and other mercantile calculations founded on per centage; together with all such operations as are requisite for a thorough knowledge of the business of the counting-room.

quisite for a thorough knowledge of the business of the counting-room.

3. Book-keeping—Single and Double Entry, by the most approved methods. A complete course of instruction in this branch will be furnished, designed to fit the student to take charge of any set of account books.

4th. An AGRICHIVERAL DEPARTMENT—Comprising a selection from the English and Mathematical courses; and, also, SUVERYING, BOTANY, MINERALOGY, Geology, Chemistry, and Agricultural Chemistry; the last two illustrated by experimental lectures.

5th. A CIVIL ENGINEER DEPARTMENT—In which are taught Arithmetic, (mental and written,) Algebra, (mental and written,) Geometry, Trigonometry, Suveying, with the use of instruments in the field, Practical Engineering, Architecture, Perspective, Draughting, and Topography.

6th. A TRACIER'S DEPARTMENT.—The course of study will consist of a judicious selection of subjects from the

6th. A TRACHER'S DEPARTMENT.—The course of study will consist of a judicious selection of subjects from the other departments, including all the branches pursued in our common schools. Practical Lectures will also be given 8 school Teaching, both as a science and as an art.

Pupils will not only thus receive the follost instruction relative to the best and most popular methods of teaching, but they will also have opportunities of exemplifying them, by hearing recitations in the lower departments of the Institution.

them, by hearing rectations in the lower departments of the Institution.

The A Department of Modenn Lawquages—In which students who wish to take a thorough course can have an opportunity of doing so; while others, whose object may be to acquire sufficient knowledge to translate with facil-ity, and to pronounce with tolerable correctness, in as short a time as possible, are also provided for.

Newark Academy.

By a late re-organization of this department of Delaware College, the Board of Trustees have taken measures to place it upon a new and improved foundation, and to endow it with advantages possessed by few similar institutions in the country. The Academy, heretofore merged in the College, and of course subjected to all the evils which have been found to attend the amalgamation of the two departments in the same building, and under the same government, now enjoys the privilege of a separate establishment, without losing those which result from its relation to the College proper.

A large and elegant edifice, with all the necessary fixtures of a complete boarding establishment, has been erected and furnished, in which the students of the Academy board, under the immediate charge of the Principal and his Assistants; and all its exercises are conducted on a system of its own, uninterrupted by the interests or operations of the other department. The furniture of the study-rooms and dormitories has been chosen with peculiar reference to comfort and convenience for study; and no expense has been spared in providing the apparatus necessary to render the means of instruction complete; giving to Newark Academy facilities for priote study and comfortable accommodation of students, fully equal to those afforded by many of our colleges.

From its intimate relation to the College, students of the Academy enjoy many airvantages not generally obtained at institutions of this kind. Those who wish to pursue some particular branch which falls more properly within the College course, may be admitted to recite in any of the College classes. Students also of proper age and discretion, by recommendation of the Principal, and permission of the Faculty, may onjey the use of the College as can be profitably enjoyed by academical students.

The charge for Boarding, Weshing, Fuel, Light, &c., with inition in the Ecclege, Latin, and Greek is eventy

Rev. MATTHEW MEIGS, A. M.,

WILBINGTON HOARDING SCHOOL

FOR BOYS.—This institution to situated in one of the healthiest parts of the city of Winnington, entiraly beyond the settled portions of the town. The unform healthfulness of the location may be inferred from the fact that, since the catabilishment of the School, about twenty-eight years, very few cases of serious indisposition have occurred among the pupils, and not a single death either here, or from diseases contracted while here.

The course of instruction includes, besides the ordinary English branches, Natural Philosophy, Cheatistry, Physicology, History, Rhetoric, the various branches of Mathematics, and the Latin, Greek, and French Languages. Particular attention is paid to the higher Mathematics and their application to Mechanics and Engineering; the latter and Surveying are taught practically by field operations, with the use of Appropriate instruments. Lectures on Natural Philosophy and Chemistry, in which all the important principles are illustrated by experiments, are regularly delivered before the students.

As the object is to make the instruction as thorough and practical as possible, no expense has been spared in providing suitable apparatus. It is believed that, in this respect, the Institution will compare favorably with any similar one in the country. A carefully selected library, of more than one thousand volumes, containing works on the various branches of Literature and Science, furnishes ample reading matter, while a Laboratory, fully supplied with apparatus and tests, contains all that is necessary for practical instruction in Chemical Manipulation.

The school year commenced on the third Second-day (Monday) of the Ninth month, (September.) and is divided into four quarters of eleven weeks each, leaving a vacation of two months, from about the middle of the Seventh month, July).

58 Folumes, with a complete Index to the first 47 Volumes.

Since volume 39 of this series, The English Common Law
Reports have been reprinted in full. With volume 44, we
commenced binding each English volume separately, instead of, as formerly, two English in one American volume.

Price—For the first 43 vols., \$3 50 per vol.

For the succeeding, \$2.50 "

The reputation which these Reports maintain in England and in the United States is known to all the Profession. The low price at which they are offered, compared
with the rates of some of the principal American Reports,
of even inferior merit, recommends them particularly to
the attention of those purchasing Libraries.

A General Index to the first 47 Vols. of the Eng lish Common Law Reports.

Hon. George Sharswood and George W. By Hon. George Sharswood and George W. Biddle, Signs. 1 vol. 8vo.—\$5 00.

With this Key to their contents, the English Common Law Reports present to the Profession a mass of legal learning in the shape of Opinions, Data, claborate Arguments, &c., &c., sufficient, probably, for the Elucidation and Prosecution or Defence of any case that can arise in our Courts of Law; and being thus made easily and instantly accessible, these Reports will be found as comprehensive, convenient, and cheap, as to supersede the necessity of other or more expensive scales.

The Index will be found of great value to all possessing the Reports; and of great convenience to those having access to, but not owning the series.

New English Exchequer Reports-Pleas and New English Exchequer Reports—Fleas and Equity.

To be reprinted in full, in best style, with American Notes, by J. I. Clark Hars and H. B. Wallace, Esqrs, at \$2.50 per vol., bound.

Including McClelland and Younge, Younge and Jervis, Crompton and Jervis, Crompton and Meeson, Crompton, Meeson and Roscoe, Meeson and Younge and Collyer—in Equity.

Meeson and Welsby, in 19 vols., Welsby, Hurlstone and Gordon, vol. 1, published and ready for delivery.

We take pleasure in referring to the acc letters, explanatory of the character of these Reports, and their value to the Profession in this country:

CAMBRIDGE, January 25, 1845. Mesers, T. & J. W. Johns tlemen—In reply to your letter, I can with great ty say, that I entertain a very biol. sincerity say, that I entertain a very night opening as sincerity say, that I entertain a very night opening are no recent Exchequer Reports. In my judgment they are no excelled by any cotemporaneous Reports, in learning ability, or general utility and interest. The cases decide are discussed with great care, and expounded with uncomon force. I scarcely know of any volumes which I dee of more importance or value for a Professional Library.

JOSEPH STORY.

35, 1845.

of more importance or value for a Professional Library.

JOSEPH STORY.

Cambridge, January 25, 1845.

Gentlemen: Your letter of the 24th has been received, in which you ask my opinion as to the value of the English Exchequer Reports, from Price downwards to this time, to an American Lawyer, and as to the expediency of reprinting them in this country. Of the high value of these Reports, both on the Pleas and Equity sides of the Court, I have not the least doubt—the decisions of this Court for the last fifteen or twenty years, both at Equity and in Common Law, being entilled to equal respect this any others in England. I should think an American Lawyer's Library essentially incomplete without them.

I am, gentlemen, very respectfully yours, SIMON GREENLEAF.

Mesers. T. & J. W. Johnson.

Mesers. T. & J. W. Johnson.

Law Library.

Fourth Series—Forty Volumes.

Twelve Dollars a year, bound—Ten Dollars in Numbers.

The cheapest Law Periodical in the United States.

It is our determination to make the Law Library the cheapest series of reprints of English Law publications in this country. The Editorial Department will, we trust, be found fully to realize the expectations of those who have-njoyed Smith's Mercantile Law, Touchstone, Broom's Legal Maxims, Archbold's Nisi Prius, Archbold's Landlord and Tenant, Crabb on Real Proporty, Smith on Contracts. The high reputation which the "Law Library" has acquired throughout the United States, by the character of its volumes, and by the cheap rate at which its valuable contents have been presented to the Profession, is the best evidence we can offer of its merits and its claims for your support. We hope, and will aim, to retain this high character. Pourth Series-Forty Volumes.

Leading Cases in Law and Equity. In Three Series-With American Notes.

In Three Series—With American Notes.

1. White and Tudor's Leading Cases in Equity, 1 vol. \$5 to, \$4 60; with copious and elaborate American Notes, by Messrs. Hare & Wallace.

2. Smith's Leading Cases, 2 vols.—\$10.
Third American Edition—with Notes and References to late Er glish and American Decisions, J. I. Clark Hare and H. B. 'fallace, Esqus.

3. A merican Leading Cases, 2 vols.

Containing roluminous and learned notes o the Leading Cases in Mercantile Law decided by the American Courts. Edited by John Innis Clark Hare, Esq., and Horace Binney Wallace, Esq.—\$9.

The English Ecclesiastical Reports.

The English Ecclesiastical Reports.

Seen Volumes—\$24 50.

Furnish a series of Decisions in the Ecclesiastical Courts of England and Scotland, from 1790 to 1838, and contain seventeen English volumes condensed in seven.

"We respectfully commend this series to the notice of the Profession. It contains the only reports of the many important cases of Wills, Settlements, Divorces, &c., and covers the whole of that important branch of the law embraced in this country by the Orphans' Court Practice.

"It would be difficult to point to any English Reports of more general value in the United States, than this selection of Decisions."—Marvin's Legal Bibliography.

British Crown Cases Reversed.

British Crown Cases Reversed.

Three Volumes—\$9.

From 1796 to 1840—To be continued.

The Decisious upon the Crown Cases reversed for the consideration of the Twelve Judges of England, are of the first importance to the due administration of the criminal justice of the country; and in committing to the press those which have occurred during a recent period of more than forty years, the publishers believe that they are making an acceptable communication to the Profession and the public.

The three volumes already published contain all the Reversed Cases since Leach.

Tapscott's General Emigration and Foreign Exchange Office,

For conveying Passengers to and from Great Britain and Ireland, and from Great Britain and Ireland, and remitting money to all parts of England, Recently and Ireland, Scotland, and Wales.

W. A. J. T. TAPSCOTT & CO., 85 South street, New York, W.M. TAPSCOTT & CO., 85 South street, New York, W.M. TAPSCOTT & CO., 85 South street, New York, W.M. TAPSCOTT & CO., 85 South street, New York, or Dublic that every effort will be made by them to ensure a continuation of the patronage in the control of the patronage hitherto so liberally bestowed upon their House; and would earnestly impress on the minds of those wishing to send for their friends in the Old Country, that Mr. William Tapscott will personally superintend the departure of all persons from Liverpool, whose passage may be engaged at their office in New York, or by any of their Agents throughout the United States and Canada. This, they feel assured, is a sufficient guaranty for promptness, and a full security that passengers will be quickly and carefully dispatched. The subscribers are agents for the New Line of Liverpool Packets, viz. "Queen of the West," Capt. P. Woodhouse; "Sheridan," Captain G. B. Cornish; "Constitution," Captain John Britton: "Garrick," Captain B. J. H. Trask; "Hottinguer," Captain Ira Bursley; "Roscius," Captain Captain Cobb.

The "Unions" Line of Liverpool packets, comprising the "St. Georgia," "Adviondack," "Sea," "Empire," "Vanhoe," (new.) "Niagara," "Atlantic," "Cornelia," "Adviondack," "Sea," "Empire," "Vanhoe," (new.) "Mortimer Liverpool," Captain J. Eldredge; "Siddons," Captain Cobb.

The "Sr. Georgia," "St. Patrick," &c. And many other first-class Packets, which this limited space will not admit of enumeration—sufficient in number. however, to despatch a Packet from Liverpool at least every five days, thus preventing any delay whatever at that port.

The London line of Packets, comprising 24 ships, sail on the lst, 8th, 16th, and 24th of each month.

The glasgow Line of P

rest assured that the greatest punctuality will be noticed and perfect satisfaction given in every branch of their business.

REMITTANCES TO ENGLAND, IRLLAND, SCOTLAND, AND WALES.

The subscribers supply Drafts for any amount from £1 upwards, drawn direct and payable at the National Bank of Ireland and Branches, Exchange & Discount Bank, and Wm. Tapscott & Co., Liverpool; National Provincial Bank of Ireland and Branches, Mescris.

James Butt, Sons & Co., London. All of which are paid on demand, without discount or any other charge.

Persons residing in the country and wishing to send money to their friends, may insure its being sent estisfactorily, on their remitting to the subscribers the amount they wish sent, with the name and address of the person for whom it is intended; a draft for the amount will then be forwarded, per first sailing Packet or Steamer, and a receipt for the same returned by Mail.

Persons having money in the Old Country which they wish to receive, without the expense of going for it, may get it safely transmitted by its being deposited with Wm. Tapscott & Co., Liverpool, and an order from them for the amount will meet promt payment here.

TO EMIGANES FOR THE FAR WEST.

W. & J. T. TAPSCOTT & CO. having the most extended arrangements for conveyance of passengers from New York to the Far West of any house in the trade, they are enabled to offer them any mode of conveyance, whether railroad, canal, or steamboat, and that at prices as low as are usually paid for the worst possible conveyance, and with a certainty of their not being subjected to any delay or imposition on the route.

Every information given on application either personally, or by letter addressed to W. & J. T. TAPSCOTT & Co.,

At their General Emigration and Foreign

Exchange Office, 86 South st., New York.

Or to W. M. TAPSCOTT & Co.,

St. George's Buildings, Regent's Road, Liverpool. CHARLES McDERMOTT, Esq., Agent for Lovell, Masanches.

NOTICE.

BALTIMORE AND WASHINGTON RAILROAD.

BALTIMORE AND WASHINGTON RAILROAD.

On and after WEDNESDAY next, 9th instant, the station on Pennsylvanis avenue will be vacated, and the new one on New Jersey avenue occupied.

The Passenger trains will leave the latter, commencing at 5 p. m., as usual, at 6 and 9 a. m. and 5 p. m. daily, except on Sunday, when but two trains run, viz., at 6 a. m. and 5 p. m.

In making this change, the undersigned desires to call attention to the rules of the Company, in regard to the reception and delivery of merchandise:

Ist. Shippers are reminded, that in all cases a bill with full directions should accompany the goods.

This is for the protection of both parties, and unless compiled with the goods cannot be received.

2d. Consignees are notified that all merchandise must be removed on the same day upon which it is received, as the Company cannot hold itself responsible for any thing left in its house during the night.

The hours for reception and delivery of merchandise are from 8 a. m. till 4 p. m.

The undersigned takes occasion to remark that these are not new regulations, but he has been compelled to call attention to them from their frequent violation, which has caused much and serious inconvenience.

FURNISHING MAIL LOCKS AND KEYS. FURNISHING MAIL LOCKS AND KEYS.

Post Office Department,
March 14, 1851.

It being desirable to substitute locks and keys of some other kind for those now in use for the mail service of the United States, specimen locks and keys, with proposals to furnish the same, will be received and considered at the Post Office Department until the first day of July next. The different locks will be submitted to a commission for examination and report. Upon this report, contracts will, as soon as practicable, be entered into for furnishing such locks and keys for four years, with the right on the part of the Postmaster General, for the time being to extend and continue the contract in force for an additional contract of the process of the process of the contract in force for an additional contract in force for a contract in

sion for examination and report. Opon this report, contracts will, as soon as practicable, be entered into for furnishing such locks and keys for four years, with the right on the part of the Postimaster General, for the time being, to extend and continue the contract in force for an additional term of four years, by giving to the contracts awritten hotice to that effect, not more than nine nor less than six months before the termination of the first term of four years.

With a view of procuring the best lock at the lowest price, no kind of lock is prescribed as a standard, the Department relying for a selection on the mechanical skill and ingenuity which a fair competition, now invited, may develop. It is, however, proper to state that a lock suitable for the mail service should possess the following qualities, vis: durability, uniformity, lightness, and strength. For the purpose of displacing simultaneously all the mail locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand new locks and twenty thousand keysadapted thereto will be required to be farmished by the contractor within seven months after the contract shall have been entered into; afterwards the annual supply will depend on the durability of the locks and keys adopted, as well as the increase of the mail service; but it will probably never exceed in amount three thousand of the former and one thousand of the latter.

No lock will be considered if it be like any already in general use; nor will any one with whom the contract may be made be allowed to make, sell, or furnish, any lock or key similar to those contracted for for any other purpose or use than that of the Post Office Department.

The kind of lock adopted must be patented, and the patente will be required, on entering into contract, to make an assignment of his patent for the exclusive use and benefit of the Department, if the Postmaster Ge

HUNT'S MERCHANTS' MAGAZINE

AND COMMERCIAL REVIEW.
Established, July, 1839,
BY PRESEAN HUNT, EDITOR AND PROPRIETOR. BY FREEMAN HUNT, EDITOR AND PROPRIETOR.

THE Number for December, 1850, completed the twenty-hird semi-annual volume. The work has been enlarged since its commencement in July, 1839, and each volume now contains more than seven hundred large octavo pages. A few complete sets of the Magazine may be obtained at the publisher's office, 142 Fulton street, New York, neatly and substantially bound, for two dollars and a half per volume.

The following are a few of the many commendatory letters received by the editor of the Merchants' Magazine from distinguished statesmen:

Letter from the Hon. Henry Clay.

Ashland, 20th July, 1849.

from distinguished statesmen:

Letter from the Hon. Henry Clay.

Asman, 20th July, 1849.

Dear Sir: I wish to express to you the gratification I derived on receiving the July number of the Merchante' Magazine and Commercial Review, from viewing your portrait in the beginning, and from reading your address to your friends at the end of it. When we feel under obligations to those who have contributed to our information and amusement, we are naturally desirous to possess all the knowledge of them, of their appearance, of the features of their countenance, and of the character and habits of their mind, which we can acquire. You have placed your numerous readers (at least you have me, if I may not speak for them) under those obligations; and the number of your valuable work now before me, in some degree, satisfies the desire to which I have alluded.

I have become quite familiar with the Magazine and Review, and have no hesitation in expressing my humble opinion that it is eminently entitled to the public regard and support. It collects and arranges, in good order, a large amount of valuable statistical and other information, highly useful not only to the merchant, but to the statesman, to the cultivator of the earth, to the manufacturer, to the mariner, in short, to all classes of the business and reading community.

Entertaining this opinion, I am glad that it has been, and hope that it may continue to be, liberally patronized.

Offering you cordial assurances of my esteem and regard, I am truly your friend and obedient servant,

Freeman Hunt, esg.

Extract of a letter from Hon. Millard Fillmore.

"I have read it (Merchants' Magazine) with a good deal of attention, and have no hesitation in saying that I think it one of the most valuable periodicals that was ever published. To the merchant it seems quite indispensable, and to the statesman and man of general information almost equally desirable. It is a grand repository of useful facts and information, which can be found nowhere so well digested and so accessible

Letter from the Hon. Thomas H. Benton.

Washington Cirr, April 20, 1849.

Mr. Freeman Hunt.—Sir: I owe you many thanks for the opportunities I have had to read the Merchants' Magazine, and have found it in reality to be a magazine, and that well replenished, of all the useful matter which the title would imply, and presented with a fullness and clearness which delights while it instructs. It is, in fact, a merchants' magazine in the large acceptation of the term—merchants who go between nations, whose large operations bring many departments of knowledge, and a view of the state of the world, into daily requisition. But it is not the great merchant only, but the one of more modest, but, nevertheless, of most useful operations—the merchant of the interior also—who will find this magazine to abound with the information the pursuit of his business and the clevation of the mercantile character requires. Nor is its utility at all confined to merchants, but extends to the legislator and diplomatist, and to all who are charged with managing the affairs of the nation. For myself, I have found it most useful to me in my senatorial labors, and have been in the habit for many years of carefully consulting it.

Very respectfully, sir, your obedient servant, THOMAS H. BENTON.

Letter from Hon. Wm. H. Seward.

THOMAS H. BENTON.

Letter from Hon. Win. H. Seward.

My Dear Sir: Have the goodness to place my name en your list of subscribers for the Merchants' Magazine. I regard it as an invaluable work for the use of all who would understand not merely commercial operations in this extending country, but the fiscal and commercial questions involved in the administration of the government.

questions involved in the summers.

I am, with great respect, your humble servant,
Freeman Hunt, esq. WILLIAM H. SEWARD.
The Merchant' Magazine is published monthly, at 142
Fulton street, New York, by Freeman Hunt, and furnished to subscribers for Five Dollars a year, in advance.

BALTIMORE PIANO FORTE MANUFACTORY. ELASTIC* UNIVERSAL TOUCH.

ELASTIC* UNIVERSAL TOUCH.

WISE & BROTHER, Manufacturers of Boudoir, Grand, and Square Pianos, request those who would be assured of a first class Piano, one that ladies can perform on with the greatest possible advantage—one that the touch an be instantly adjusted to the exact strength of the fingers and movement of music, one that will stand in concert tune, one that the tone will not become shrill and grating, that is chaste of style and elegantly made up of straight and regular curve lines, that will last an age—to give them a call. The ancient standing of the Baltimore Factory, and liberal patronage of citizens and others of the first order of artistic taste and science, conceded at once the most critical, have been fully anticipated. Their recently finished Grand Piano, minutely reviewed by the most accomplished civil engineers and master artists, has been denominated truly a Grand Piano; also, that their late Boudoir, for style, power, and compass of tone, is not surpassed, if equalled, in the world. Friends and customers, please stop in and examine for yourselves.

J. J. WISE & BROTHER,
No. 31 Hanover street, Baltimore.

* Elastic, because the keys recover their quiescent place in time equal to the displacing. Universal, because the same instrument may be instantly altered to any degree hard, or soft touch, so that ten thousand or more performers, all different, may each find the touch they prefer.

COLD SPRING WATER CURE.

THIS NEW AND SPLENDID ESTABLISHMENT for

THIS NEW AND SPLENDID ESTABLISHMENT for the scientific treatment of the various diseases with which the human system is afflicted, is situated about three miles from the city of Buffalo, in a rural spot, and so accessible from all points as to be reached without inconvenience or delay.

A line of omnibuses runs from the steamboat landings in Buffalo to the springs every ten minutes.

The house and grounds are near the extensive and beautiful green-houses and nurseries of the Messra. Hodges & Bryants; and the scenery in all directions is unsurpassed, as regards either variety or beauty; embracing points of view, from which may be taken in at a glance the broad expanse of Lake Erie, the Ningara flowing majestically towards the Falls, extensive forests, and the "Queen City of the Lakes," with its moving panorama of steamboats and ceaseless enterprise.

The water, taken immediately from the celebrated "Cold Spring," is unsurpassed as regards coldness and purity, by any in the United States. The house, recently erected at a cost of about seven thousand dollare, has been fitted up in a neat and elegant style, at considerable extra expense, and is sufficiently capacious to accommodate seventy-five patients.

Connected with the establishment, and constituting one of its attractions, are the fixtures and conveniences for innocent and healthful gymnastic exercises.

MEDICAL DEPARTMENT.

MEDICAL DEPARTMENT.

The institution is under the general supervision of S. M. Davis, M. D., Professor of the Theory and Practice of Medicine in Central Medical College, and Geo. W. Davis, M. D., formerly of Danaville, N. Y., the resident physician, and is permanently associated with the before mentioned gentleman as counsel, and associate of the medical board of control. And the friends of the cetablishment deem it a matter of felicitation that the services of Miss Mary M. Taylor, a lady of high medical attainments, who has attended two courses of lectures in the Central Medical College, have been secured, and that female patients can at any time avail themselves of her invaluable aid and counsel. MEDICAL DEPARTMENT.

of the various forms of disease, and constructed on a scale not inferior to those of any other establishment in this country.

An enlightened public sentiment has everywhere reguldated a reckless use of drugs in the treatment of disease; while intolerable sufferings and broken constitutions have imperatively demanded "Reform." A return from a wide and fatal departure from the simplicity of Nature's laws is called for, alike by a rational love of happiness and the deplorable exigencies of our condition. Illydropsthy, or a scientific use of water as a restorative and curulve agent, is a practical substitution of a simple and remarkably efficacious mode of curing the sick; for that system of drugging, depleting, and cauterizing, which, in obtaining the mastery over disease, too frequently piaces the patient heyond the reach of further annoyance. The success of the various Water Cure establishments in this country, to say nothing of any other, has fully confirmed the hopes of the early discoverers and promulgators of the great traths upon which the system is founded and renders verbill communications unnecessary. It is deemed sufficient to say, that the "Cold Spring Water Cure" will compare favorably with any of the well-conducted establishments of a similar character, and will be found equal to the best, as regards the order, convenience, and destribleness of its arrangements. The institution is now open for the reception of patients, and in full operation.

TERMS.

For board, medical advice, attendance and nursing, &c., from \$7 to \$14 per week, payable weekly, varying according to the room and attention required. Each patient will be required to furnish two linen sheets, two cotton comforters, one woollen blanket, and four towels; or, where it is not convenient for the patient to furnish them as above, they can be supplied at the establishment by paying fifty cents a week.

All communications for medical advice should be addressed either to S. M. Davis, M. D., or to George W. Davi M. D., 239 Main street, Buffalo, N. Y.

S. M. & G. W. DAVIS & Co., Buffalo.

mar. 24-

any time avail themselves of her invaluation and not set.

The steward's department is under the control of a gentleman eminently qualified for that position; and unweated pains will be taken to have every thing appertaining to the establishment arranged on a plan, and conducted in a way, to ensure the comfort, and promote the health and happiness of all who may wish to avail themselves of its benefits. Baths of all descriptions, adapted to the cure of the various forms of disease, and constructed on a scale not inferior to those of any other establishment in this country.
